New!

The new *Swissflex*® versa mattress models have arrived!

To provide you with an even better night's sleep, we have expanded our internationally recognised versa mattress range. Natural Latex combined with highly breathable covers provide you with CFC-free, formaldehyde-free and antibacterial comfort and tailor-made luxury. Benefits: Guaranteed relaxation and recovery for people of all ages and body types, with optimum adjustability to any height and weight. We would also like to tell you about our Swissflex® Money Back Guarantee.

versa 20 Natural Latex

versa 22 Natural Latex

Swissflex® versa 20, 22 Natural Latex

versa 20 Natural Latex

Even this starter model features an 85% Natural Latex core, with complex elements to ensure highly sensitive comfort and optimum breathing. Seven symmetrically arranged comfort zones provide perfectly balanced support for all areas of the body. In addition, two removable and machine-washable padded covers (available in a variety of styles) help create a hygienic and wonderfully cosy bedroom environment.

versa 22 Natural Latex

This luxurious, 2cm-higher model also features a 100% Natural Latex core, providing excellent surface ventilation for highly sensitive comfort, optimum breathing and a high level of elasticity. Seven symmetrically arranged comfort zones provide perfectly balanced support for all parts of the body. In addition, two removable and machine-washable padded covers (available in a variety of styles) help create natural and extraordinary comfort.
